About LEC.int

Welcome to Leaders Education Centre, your premier destination for academic excellence and personal growth in Qatar. We believe every student has the potential to excel and make a meaningful impact on the world. Our mission is to empower students through comprehensive educational support and skill development, tailored to meet diverse needs and international educational standards.

We specialise in personalised tuition for students seeking academic improvement and excellence, preparing them for critical exams like the SAT, LSAT, and A-levels. Our experienced educators help students gain the confidence and knowledge they need to succeed.

Beyond academics, we offer essential skills courses, including language training, coding, MS Office proficiency, digital marketing strategies and more. Our goal is to prepare students for the professional landscape.

Creativity and exploration are at the heart of what we do. We provide a vibrant space for students to discover and nurture their passions in graphic design, photography, branding, and art.

At Leaders Education Centre, we are more than an educational institution; we are a community dedicated to nurturing the leaders of tomorrow. Join us on a journey of discovery, growth, and achievement. Together, we will unlock your full potential and pave the way for a brighter future.

Money Masters Overview

The Money Masters program at Leaders Education Centre is a dynamic and engaging course designed to teach children and teens the fundamentals of financial literacy. Through hands-on activities, interactive lessons, and real-world simulations, students will explore key concepts such as budgeting, saving, smart spending, and the basics of entrepreneurship. The course provides young learners with the tools to make informed financial decisions, set realistic financial goals, and develop the mindset needed for future financial independence.

In addition to personal finance, the Money Masters program fosters entrepreneurial thinking by encouraging students to brainstorm business ideas, create simple business plans, and understand the role of risk and investment.

By the end of the course, students will have developed a comprehensive understanding of money management, financial planning, and wealth-building strategies. They will be well-equipped to navigate their financial futures with confidence and responsibility.

Why Money Masters?

Enrolling your child in the Money Masters program gives them an essential life skill—financial literacy. In today's fast-paced world, understanding how to manage money is crucial, and this course empowers kids to make smart financial decisions from a young age.

Through engaging lessons and real-world simulations, your child will learn the importance of budgeting, saving, and entrepreneurial thinking, setting them up for a financially secure future. With a strong foundation in money management, they will gain confidence, responsibility, and the tools needed to succeed in both their personal and professional lives.

We employ several key strategies

01

Interactive Lessons

Engaging lectures paired with hands-on activities ensure that students retain information better.

02

Simulations and Role-Play

Students experience real-world financial situations like shopping, budgeting, and starting a business.

03

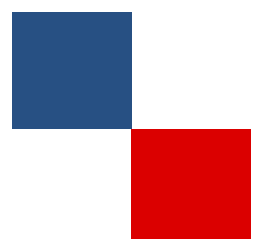

Group Work and Collaboration

Students work together in teams to solve problems and create financial plans.

04

Personalized Feedback

Each student receives individualized attention to help them understand their strengths and areas for improvement.

Our Program

The Money Masters program is based on the principle that learning about money should be fun, interactive, and deeply connected to real-life scenarios. Through play-based activities, role-play, and project work, students will not only understand financial principles but also develop the confidence to make informed financial decisions in their everyday lives.

01

24 Engaging Classes

Each class is crafted to be both educational and fun, keeping your teen motivated and excited to learn.

02

6 Targeted Modules

Covering a wide range of subjects to stimulate curiosity and broaden understanding.

03

30+ Hrs Marketing Mastery

30hrs of interactive learning time to reinforce and build upon language and communication skills.

Course Objectives

01 Understand Personal Finance Basics

Learn key financial concepts such as budgeting, saving, and smart spending, and apply them to everyday situations.

02 Create and Manage a Personal Budget

Develop the ability to plan and track income, expenses, and savings for short- and long-term financial goals.

03 Develop Entrepreneurial Thinking

Understand the characteristics of entrepreneurs and the steps involved in starting and running a small business.

04 Understand Credit and Debt

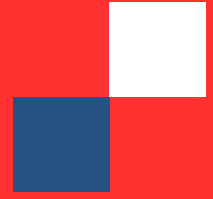

Explore the concepts of credit, loans, and interest rates, and learn how to responsibly manage debt

05 Make Informed Investment Decisions

Gain a basic understanding of investments, risk management, and how to create a diversified portfolio.

06 Apply Critical Thinking to Financial Choices

Enhance decision-making skills by evaluating the long-term impact of financial decisions.
